DETAILED ACTION

Allowable Subject Matter

1. Claims 62-67 are allowed.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Bradford E. Kile on Tuesday, June 1st, 2004.

The application has been amended as follows:

IN THE TITLE:

After "Method", delete "and system for continuous assay and removal of harmful toxins during processing of tobacco products", and insert -- of neutralizing aflatoxin during tobacco processing -- .

IN THE CLAIMS:

In claim 63, line 4, change "of:" to -- of -- , and in line 5, after "tobacco plant extracts," insert -- and --,

In claim 65, line 3, change "of:" to -- of -- ,

In claims 66, line 3, change "of:" to -- of --,

In claim 67, line 3, after "assaying" insert -- at least one of said tobacco or said solvent -- .

3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record, the Subbiah reference, discloses that it is known to use solvent extraction on numerous plants, including tobacco, to remove aflatoxin therefrom. However, Applicant has discovered an unobvious improvement in the process of neutralizing aflatoxin from tobacco, during processing, wherein the solvent used to contact the tobacco is remediated and the aflatoxin removed from said solvent. Therefore, the claims are allowable over the prior art.

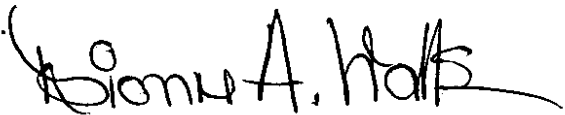

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
